EDUCATION

Shiv Nadar University (SNU)

Aug 2020-May 2024

B.Tech Computer & Science Engineering - **CGPA - 9.04/10** (High Distinction)

Delhi NCR, India

RESEARCH EXPERIENCE

Research Assistant, Northeastern University

May 2023-present

- Working under the advisement of Prof. Varun Mishra. Investigating imputation strategies for increasing the efficacy of prediction models.
- Results demonstrate up to 31% increase in AUROC with the same model building and prediction pipeline.

Research Assistant, SNU

Aug 2022-May 2023

- Worked under the advisement of Prof. Snehasis Mukherjee and Prof. Dolly Sharma. Analysed the pre-existing active learning sampling methods to devise a method for tackling catastrophic forgetting.
- Subsequently, developed a python library "ALbedo", a one-stop toolkit utilizing active learning sampling methods and query strategies for image classification.

Project Intern, Accenture Labs

May 2022-Aug 2022

- Worked on biometric authentication system using EEG under the advisement of Abhinav Upadhyay.
- Investigated the time, frequency and spectral domain features required to sustain an accurate system.

Research Assistant, SNU

Aug 2021-May 2022

- Co-designed sensor-framework kotlin library "SeventhSense" for human activity recognition, device placement or orientation, and ambient context e.g location, co-location etc. using WiFi and BLE sensors.
- Implemented and deployed a prototype library in Kotlin using Android smartphones for testing the proposed system.

PROFESSIONAL EXPERIENCE

Software Engineer, Hewlett Packard Enterprise

Sept 2024-present

- Working in the High Performance Computing team, reporting to Krishnaprasad Bidare, Sr. Engr. Manager.
- Developing and enhancing automation framework scripts as a part of the server-side system integration and testing team.

PUBLICATIONS

Sohini Bhattacharya, Rahul Majethia, Akshat Choube, Varun Mishra, *Imputation strategies for longitudinal behavioral studies: Predicting depression using globem datasets*. In Companion of the 2024 on ACM International Joint Conference on Pervasive and Ubiquitous Computing, pages 736–742, 2024.

Akshat Choube, Rahul Majethia, **Sohini Bhattacharya**, Vedant Das Swain, Jiachen Li, Varun Mishra, *Imputation matters: A deeper look into an overlooked step in longitudinal health and behavior sensing research*. arXiv preprint arXiv:2412.06018, 2024. (To be submitted to ACM IMWUT in early 2025)

ACHIEVEMENTS & SCHOLARLY SERVICES

Teaching Assistant, SNU

2023-2024

- CSD350 - Natural Language Processing. Taught by Prof. Harish Karnick. Spring'24
- CSD210 - Introduction to Probability & Statistics. Taught by Prof. Saurabh Shigwan. Spring'23
- CSD213 - Object Oriented Programming. Taught by Prof. Pooja Singh. Monsoon'23.

ACM-W Office Bearer, SNU

2023

- Curated the chapter's website and newsletter.
- Expanded awareness regarding research opportunities & scholarship applications.

Dean's List, SNU

2020-2024

- Received the award five times for being in the top 10% of CSE School Of Engineering.

Global Young Scientists Summit (GYSS)

2023

- Nominated to represent Shiv Nadar University at the summit in online mode.
